Handling:

Clicking on **Start** will provide you with an overview of the most current machine reports, if available a summarizing visit report, and a news area. The number indicates the new reports in the system.

Go to **Reports** in order to select individual inspection reports, trends and overview reports.

Clicking on the **News** button will reveal additional information on the news shown after clicking on **Start**.

Click on **Contact** to send us a message.

Please note: The gear icon is for the adjustment of language and units (only required once).
