The **FUCHS VELVETONE** range of bespoke high quality car care products.

Designed to clean, preserve and protect ensuring a professional showroom finish every time.

*"The range has been extensively tested by many leading cleaning professionals and the feedback received has been fantastic. We have been developing this high quality range for quite some time and our in house R&D expertise has ensured our product deliver unrivalled performance and quality."*

Rosemary Mellor, Product Manager – FUCHS (UK) Plc

*"We have been using many of the leading products available for many years and we were very impressed with the quality and finish we achieved using the new FUCHS Velvetone range of car care products. We had many positive remarks from our customers who noticed the higher gloss finish on their vehicles."*

Andy Lee (Leeway Valeting Services, MD)

**FUCHS** VELVETONE

FUCHS Lubricants the world's largest independent lubricant manufacturer is proud to introduce VELVETONE, a professional quality car care range.

This range of bespoke products are designed to give consumers a professional finish to both the interior and exterior of their vehicle whilst ensuring easy application and finishing.

Velvetone Products include:

**HIGH GLOSS POLISH** with Carnauba, an easy on easy off high quality polish which leaves a protective film on the bodywork ensuring a long lasting shine and protection from the elements.

**WASH & WAX**, the powerful cleaning foam cuts through grime with ease and has added wax elements within the solution. Use prior to High Gloss Polish application for the ultimate showroom shine.

**ALLOY WHEEL CLEANER**, this powerful alloy cleaner comes in a 500ml trigger spray bottle. The resulting high powered spray instantly bonds with brake deposits and other traffic films and the resulting effervescent action ensures maximum penetration. Velvetone Alloy Wheel cleaner has a neutral Ph and is safe to use on all wheel types.

**AIR CON REFRESH**, this innovative "one shot" aerosol circulates through your cars air conditioning system eliminating odour creating particles ensuring a clean germ free system.

## VELVETONE HIGH GLOSS POLISH

A very special wax polish for new and second hand vehicles. Contains the mildest of fillers with high levels of wax which have been formulated to be easy in application and very easy to polish off, giving a deep long lasting wax protection. Removes light grime and traffic film. Suitable for all types of auto paint. Does not contain any cutting compound. Can also be used on marine and aircraft gel coat without damaging surface.

### KEY BENEFITS

- Effective and suitable for all age vehicles.
- Can be applied in damp conditions.
- No residual dust or streaks.
- Easy to use with little effort.

✓ CONTAINS CARNAUBA WAX

## VELVETONE AIR CON REFRESH

Fully tested and designed for the automotive market. A combination of anti-fungal additives and bactericides, combined in a small, one shot aerosol. Pleasantly perfumed and proven to kill the moulds and bacteria which typically breed in air conditioning systems causing unpleasant odours.

### KEY BENEFITS

- Effective
- Easy to use
- Economical
- Convenient
- Ozone friendly
- Long Lasting

## VELVETONE WASH & WAX

A pink pearlised detergent based cleaning fluid containing a finely dispersed wax, which deposits on metal and painted surfaces to provide a buffable, water repellent finish. Can be used by hand or through a pressure wash system.

### KEY BENEFITS

- Non caustic. Safe on paintwork, metal surfaces, glass and rubber.
- Gives a hard, long lasting and water repellent wax finish.
- Effective in hard and soft water areas.
- Continued and regular use provides maximum shine and protection.

## VELVETONE ALLOY WHEEL CLEANER

A highly effective detergent cleaner for the removal of dust and grease from aluminium surfaces. Suitable for truck bodies, alloy wheels, mobile homes, boats, castings, etc. Removes brake dust from vehicle wheels and inhibits surface oxidation.

### KEY BENEFITS

- Rapid Action
- Easily removes road dirt, grime and brake dust
- Safe on most paints, metals, rubber and alloy wheels
- Effective on old and new aluminium
- Contains powerful detergent additive
- Leaves surfaces clean and grease free
- Does not contain any acids
