NOT JUST LUBES

Suspension Fork Oils

High VI index formulation. Combined with low friction synthetic additives ensuring smooth and assured damping on all terrain. Grades can be mixed. 5WT, 7.5WT and 10WT available in 500ml.

Copper Paste

Superior high temperature anti-seize lubricant containing copper. Designed to control pitting, rusting, thread distortion & seizure due to corrosion and chemical attack. The product overcomes galling on assembly and reduces dismantling torque. Perfect for threaded connections, wheel nuts, etc. Prevents brake squeal: apply to calliper, pins & back of pad. Available in 100g tubes and a 500g tub.

RG2 Grease

An advanced, high melting point, synthetic racing grease. Multi-functional, high-performance grease with exceptional heat resisting, corrosion inhibition and water-proofing properties. Available in 100g tubes and a 500g tub.

Maintenance Sprays

Our maintenance sprays are perfect for bicycles. The range includes: All In One multi-purpose maintenance spray, Brake & Chain Cleaner, a powerful cleaner for brake and chain components, Pro Prep multi-purpose surface conditioner and Silkopen graphite-rich penetrating spray. Available in 500ml aerosols.

Wash Off

A cost effective, spray-on/hose-off bike cleaner suitable for all road and off-road bikes. Available as a 1L Spray or 5L container.
